Gloria Ugwuanyi

Lagos, Nigeria | (+234) 810 596 1051 | oluebubegloria5@gmail.com | www.linkedin.com/in/gloria-ugwuanyi-buberrie

FRONT-END DEVELOPER

As a skilled Front-End Developer, I craft user-centric web applications with a focus on design aesthetics and usability principles. My ability to translate functional requirements into engaging UIs maximizes user satisfaction. Experienced in managing multiple projects, I ensure timely and efficient delivery through effective resource allocation and deadline adherence. Proficient in UI design, testing, and debugging, I consistently deliver high-quality, bug-free applications. My excellent communication skills enable effective collaboration with cross-functional teams and clear articulation of technical concepts.

WORK EXPERINCE

Frontend developer intern   November, 2023 – February, 2024

Tekskillup l Remote

- Played a key role in developing an email marketing platform and a learning management system within a 7-person team using Next.js, enhancing the platform's frontend scalability.
- Developed the email marketing page and implemented authentication and account management functionalities, leveraging Supabase for efficient user data management.
